### MIKE SCANLON IS NOW TOO BUSY FOR POLITICS

## PLAN MERGER MINING PROPERTY OF DIAMONDFIELD

### SCHEME YET IN ITS INCEPTION BUT NEGOTIATIONS ARE UNDER WAY

That negotiations are under way for the merger of several prominent mining properties at Diamondfield, is stated by the Tribune received in this city today. The article in question follows:

Tentative negotiations are now being conducted having for their object the consolidation under one head of several of the leading mining properties in the Diamondfield part of the Goldfield district. As yet the project has not taken any concrete form, beyond the purpose of including in the proposed merger the Daisy, Goldfield Belmont, Great Bend and perhaps one or two other properties. The Diamondfield Black Butte has been mentioned as a possibility among these properties but there is little likelihood that any satisfactory basis for the absorption of that company could be agreed upon.

The object of forming a merger of this character would be to provide funds, probably by a revision of the capitalization basis for the issuance of additional stock, for deep mining and for sinking at least two deep shafts at widely separate points. Little work has been done at any considerable depth in the Diamondfield properties but large quantities of rich ore have been produced from comparatively shallow workings.

On the Daisy the old main company shaft, known as the No. 2 shaft, is about 530 feet deep. The vertical shaft on the Great Bend is over 400 feet deep and the main winze of the Goldfield Belmont has now reached a depth of 500 feet. These constitute the extent of deep work in this part of the district and little development work has been accomplished on the deeper levels from these shafts.

The large production of the Diamondfield mines has yielded comparatively small net profits for the reason that most of the work was conducted under costly methods of operation and, for the greater part, at a time when only ore of high grade could be marketed at a profit. All the properties mentioned, the Belmont, Daisy, Great Bend and Black Butte, have produced many thousands of dollars worth of shipping ore and all have quantities of excellent milling ore in sight.

It is believed that the plans for the formation of the proposed merger will take tangible form within the next few weeks. J. P. Loftus, who, with his partner, James R. Davis, controls the Great Bend, admits that he has been approached regarding such a consolidation but has merely suggested that a definite proposal be submitted to him and promised that he will not stand in the way of carrying out the proposed plan.

### Owes Life to This Consumption Remedy

It is beyond human power to perform miracles. The makers of Eckman's Alternative, a remedy for Consumption, do not claim that it will restore every one to perfect health, but so many have voluntarily testified that it saved their lives, that all who have this dread disease should investigate and try it. It should stop the night sweats, reduce the fever, promote appetite and in very many cases prolong life. Read what it accomplished in this case:—  
Catherine Ave. and Ascot Place.  
Queen's Court, L. I.  
"Gentlemen: In the year 1908 I was taken with a heavy cold and a nasty cough and went to several doctors, including a specialist. Their medicines failed. I then went to the Catskills, but the cough still kept up. I stayed there a year and then went on a farm near Jersey City, a very sick man.  
"My brother then recommended Eckman's Alternative to me very highly. At first I would not consent to use it, owing to the fact that I had taken so many medicines without being helped in any way, but finally I consented. It is now nearly two years since I first took it. I am now cured and I dare say that I would have been buried long ago if it had not been for Eckman's Alternative. I wish to thank you for the Godsend to me. Wherever I go I highly recommend the Alternative, as I owe my life to it."  
(Sworn Affidavit)  
JOS. J. TROESCHER.  
Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles and in the building the system. Does not contain poisons, opiates or habit-forming drugs. For sale by leading druggists. Ask for booklet telling of recoveries and write to: Eckman Laboratory, Philadelphia, Pa., for additional evidence.
